Tribute from Brigit and Bill Sirota

Relation: Neighbour

Ray and Heather were the first people we met when we bought across the street, and their kindness and laughter made us feel ever so welcome. Heather was a wonderful neighbour, a kind and giving human who loved all creatures great and small. Her garden was full of life - she fed the birds, the deer, and even fed peanuts to the crows on the street each morning! On the afternoon of October 6th there was a great racket around her house - I looked out to see so many crows whirling through her trees, and I thought perhaps they had come to wish her farewell. Rest in peace dear Heather, our hearts and kind wishes are with you always Ray.

Relation: Friend

Heather and I go back a long way. We went to school together, became friends and co-workers at St. John Ambulance. She always went above and beyond in everything she did as an employee, as well as all the volunteer work she did. She will be missed by all but will remain in my heart forever.

Tribute from Travis McDonough

Relation: We played music together for many, many years.

I met Heather when she signed up to play French Horn in the Powell River Beginners Community Band in the early 70s. She was a "keener", one who worked hard at her new skill, and she became a wonderful player over the years. We played together in a small brass group for several years, and travelled to many places in British Columbia to take part in small contests. We also went carolling at Christmas time and were at many events together. Heather was always there for what ever was needed in the band. God Bless you, dear friend, and please make music and laughter in Heaven. My sincere condolences to her wonderful husband Ray and their extended family--and community and neighbourhood. Much love and heartfelt loss to a dear friend.

Relation: We were in Max Cameron at the same time, although Heather was a year or two younger, and Heather was a close friend of my longtime friend, Donna Jean Campbell, deceased in 2013.

We were shocked and deeply saddened to hear of Heather's health issue and subsequent passing, and wish to offer our deepest condolences, Ray. What a dreadful loss to you and the community!! (We have only heard recently of Heather's passing.)
