

**REMEMBERING**  
**Henry Maurice Liebich**

October 23, 1938 - July 1, 2018

It is with heavy hearts we have to announce that our father has lost his fight with multiple myeloma, one of four cancers he endured throughout his life. Dad's legacy left to all: keep fighting and never give up.

Dad passed away peacefully in the arms of our mother Irene, Dad's wife of 63 years. He is survived by five children: Sue (John), Kathy (Dwight), Mike (Jackie), Tim (Nancy) and Kelly, nine grandchildren and seven great-grandchildren.

Dad and mom had an adventurous life, ocean kayaking, canoeing the MacKenzie River, hunting, fishing and learning downhill ski (in their 60's), sailing, which we think was their favourite, us kids know it was ours as we go to go on several trips with them.

Dad was always willing to help others but never wanted to accept help, 'Stubborn, maybe.' He enjoyed going to church, playing cribbage at the Legion and weekly crib games with his buddy Stan, and helping at the yacht club.

The family wishes to express our sincerest gratitude to Dr. Black, Sue, Roxanna, Maureen and all the RCA's for their exemplary care and kindness.
